The following positions may be remunerated as follows:

- ★ China Week & Project Week Coordinator \$3,000
- ★ UWC Mission Programme Coordinator \$3,000

Staff are paid monthly, in arrears.

### **3. Gratuity and Mandatory Provident Fund**

Appointees will be entitled to an Employers contribution of 15% of gross salary earned divided between an end of contract gratuity and a Mandatory Provident Fund (MPF) to which the Employee also contributes. Gratuity contributions earn interest and are payable at the expiry of contract as a lump sum which is subject to local Income Tax. Appointees who are in breach of contract or who resign prematurely will not be entitled to the gratuity or a proportion thereof.

The combined Employer and Employee contributions to the MPF are invested and may be withdrawn as a lump sum when the Employee leaves Hong Kong.

### **4. Leave**

Leave entitlement will be confined to College holidays and/or such other periods as decided by the Principal. The College year runs from mid-August to late May, with a three week break at Christmas (i.e. a two-semester year). There are several other short breaks. Teachers are expected to be on campus in adequate time to be fully prepared for teaching and other duties at the start of each semester and to allow adequate time at the end of the College year to fulfil all duties.

### **5. Point of Recruitment and Passage Allowance**

This is currently under review. The Appointee will be informed of the details before accepting the offer.

## **6. Baggage and Settling In**

A baggage allowance will be provided on first travel to the College and on final departure from the College. This will be provided between the designated point of recruitment and Hong Kong. Full details are specified in the contract, which will be sent to short listed candidates.

On arrival, Appointees may request up to one month's advance of salary, repayable during October to July, to help with settling in expenses.

## **7. Accommodation**

All full-time teaching staff will be provided with accommodation on the College campus. The accommodation charge for this will be 7½% of basic salary and will be deducted from the Appointee's salary. The true value in Hong Kong of the accommodation is higher than the accommodation charge by a factor of at least 4, and teaching staff are being subsidised by the College in this regard.

## **8. Education Allowance**

Staff will be provided with an education allowance for each dependent child resident in Hong Kong in the age range of 5 to 18 years. The allowance will be paid against school receipts in the form of a full or partial reimbursement of fees, as the case may be. The allowance covers the cost of tuition at the schools of an aided English Schools Foundation, or equivalent.

## **9. Medical Expenses**

Staff will be required to join the College's medical insurance scheme which is paid for by the College. This provides cover for doctors' visits, prescribed medicines and hospitalisation up to the published maximum set each year. Maternity, dental or optical treatment is not covered by the scheme.

## **10. Salary Tax**

The salary, gratuity and some benefits will be taxed. The current rate in Hong Kong is a flat rate of 15%, though less will be paid in the first year of appointment. The tax year runs from April to March.
